No physical copy of the notice of the 17th AGM and the Annual Report for the year 2022-23, has been sent to any members. However, members will be entitled to a physical copy of the Annual Report for the year 2022-23, free of cost, upon sending a request to the Company Secretary at cs@smslife.in or at the Registered Office of the Company.

- 8) The Register of Directors and Key Managerial Personnel and their shareholding maintained under Section 170 of the Companies Act, 2013 and Register of Contracts or arrangements in which directors are interested maintained under Section 189 of the Companies Act, 2013 and relevant documents referred to in this Notice of AGM and explanatory statement, will be available electronically for inspection on the website of the Company at www.smslife.in.

All documents referred to in the Notice will also be available for electronic inspection without any fee by the Members from the date of circulation of this Notice up to the date of AGM, i.e. 29th September, 2023. Members seeking to inspect such documents can send an email to cs@smslife.in.

- 9) Members seeking any information with regard to accounts or any other information are requested to write to the Company atleast 10 (ten) days before the meeting so as to enable the management to keep the information ready.

10) A brief resume of Mr. TVVSN Murthy, Director proposed to be re-appointed at this AGM, nature of expertise in specific functional areas, names of companies in which he hold directorship and membership / chairmanships of Board Committees, shareholding and relationship between directors inter-se as stipulated under Regulation 36 of the SEBI (Listing Obligations and Disclosure Requirements), Regulations 2015 and other requisite information as per Clause 1.2.5 of Secretarial Standard-2 on General Meetings, are provided in **Annexure I**.

11) The annual accounts of the Subsidiary (i.e. Mahi Drugs Private Limited) is made available on the website of the Company at <https://www.smslife.in/financials.php>.

12) To prevent fraudulent transactions, Members are advised to exercise due diligence and notify immediately any change of particulars such as name, postal address, e- mail address, telephone/ mobile numbers, PAN, registering of nomination, bank mandate details and / or demise of any Member as soon as possible:

- to their Depository Participants (DPs) in respect of their electronic share accounts, and
- to the Company's Registrar & Share Transfer Agents (RTA), M/s Aarthy Consultants Private Limited, 1-2-285, Domalguda Hyderabad – 500029, in respect of their physical share folios, if any, quoting their folio numbers.

Further, members are also advised to not leave their demat account(s) dormant for long. Periodic statement of holdings should be obtained from the concerned Depository Participant and holdings should be verified from time to time.

13) Shareholders can avail the facility of nomination in respect of shares held by them in physical form, pursuant to the provisions of Section 72 of the Companies Act, 2013 read with the Rules framed thereunder. Members desiring to avail of this facility may send their nomination in the prescribed Form No. SH-13 duly filled in, to the Company at cs@smslife.in. Members holding shares in electronic form may contact their respective Depository Participants for availing this facility.

- 14) SEBI has mandated the submission of permanent Account Number (PAN) by every participant in the securities market. Members holding shares in electronic form are therefore requested to submit their PAN to their depository participants with whom they are maintaining their demat accounts. The Company has sent individual letters to all the Members holding shares in physical form on 1st June, 2022 and 22nd February, 2023 pursuant to SEBI Circular No. SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2021/655 dated 3rd November, 2021 for furnishing their PAN, KYC details and Nomination forms in form ISR-1.

Folios which are not KYC Compliant on or after 1st October, 2023, shall be frozen and members shall be eligible for receipt of dividend through electronic mode with effect from 1st April, 2024.

Folios which continue to remain frozen till 31st December 2025, post the deadline the same shall be referred by Company to the Administering Authority under the Benami Transactions (Prohibitions) Act, 1988 and / or Prevention of Money Laundering Act, 2002.

The form ISR-1 is available at the website of the Company at www.smslife.in/investors/KYC-updation-forms.pdf; attention of the Members holding shares of the Company in physical form is invited to go through and submit the details to info@aarthiconsultants.com and cs@smslife.in

- 15) Members may please note that SEBI vide its Circular No. SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2022/8 dated 25th January, 2022 has mandated the Listed Companies to issue securities in demat form only while processing service requests viz. Issue of duplicate securities certificate; claim from Unclaimed Suspense Account; Renewal/Exchange of securities certificate; Endorsement; Sub-division/Splitting of securities certificate; Consolidation of securities certificates/folios; Transmission and Transposition.

Accordingly, Shareholders are requested to make service requests by submitting a duly filled and signed Form ISR-4, the format is available at the website of the Company at www.smslife.in/investors/KYC-updation-forms.pdf; It may be noted that any service request can be processed only after the folio is KYC compliant.

SEBI vide its notification dated 24th January, 2022 has mandated that all requests for transfer of securities including transmission and transposition requests shall be processed only in dematerialized form. In view of the same and to eliminate all risks associated with physical shares and avail various benefits of dematerialisation, Members are requested to dematerialise the shares held by them in physical form.

- 16) Shareholders holding shares in more than one folio in the same name(s) are requested to send the details of their folios along with share certificates so as to enable the Company to consolidate their holding into one folio.
- 17) **The register of members and share transfer books of the Company will remain closed from Saturday, 23rd September, 2023 to Friday, 29th September, 2023 (both days inclusive) for the purpose of Dividend and AGM.**
- 18) Dividend of ₹1.50/- (15%) per equity share of ₹10/- each, for the year 2022-23, as recommended by the Board of Directors in the meeting held on 29th May, 2023, if approved at the AGM, would be paid subject to deduction of tax at source, as may be applicable, to those persons or their mandates:

- whose names appear as Beneficial Owners as at the end of the business hours on Friday, 22nd September, 2023 in the list of Beneficial Owners to be furnished by National Securities Depository Limited and Central Depository Services (India) Limited in respect of the shares held in electronic form; and
- whose names appear as Members in the Register of Members of the Company as at the end of the business hours on Friday, 22nd September, 2023 after giving effect to valid request(s) received for transmission/transposition of shares.

Dividend, if declared, at the 17th AGM, will be paid within 30 days by way of credit to the respective Bank accounts of the members from the date of approval by the Shareholders, subject to deduction of tax at source, to those members whose names appear on the register of members of the Company as on **Friday, 22nd September, 2023 ("Record Date")**.

- 19) In terms of Schedule I of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed companies are required to use the Reserve Bank of India's approved electronic mode of payment such as electronic clearance service (ECS), LECS (Local ECS)/RECS (Regional ECS)/NECS (National ECS), direct credit, real time gross settlement, national electronic fund transfer (NEFT), etc., for making payments like dividends to the members.

Accordingly, members holding securities in demat mode are requested to update their bank details with their depository participants. Members holding securities in physical form should send a request to update their bank details, to the Company's RTA.

In case, the Company is unable to pay dividend to any Member by the electronic mode due to non-availability of the details of the bank account, the Company shall dispatch the dividend warrant/demand draft to such Member by post/courier.

- 20) Pursuant to the changes introduced in the Income Tax Act, 1961 ("the IT Act") as amended by the Finance Act, 2020, dividend income will be taxable in the hands of the members and the Company is required to deduct tax at source (TDS) at the time of making the payment of dividend to members at the prescribed rates. (For the prescribed rates for various categories, shareholders are requested to refer to the Finance Act, 2023 and amendments thereof.) Email communication informing the members regarding this change in the Income-tax Act, 1961 is being sent by the Company.

However, no tax shall be deducted on the dividend payable to a resident individual member, if the total dividend to be received by them during the year 2023-24 does not exceed ₹5,000/- and also in cases where members provide Form 15G (applicable to any person other than HUF or a company or a firm)/Form 15H (applicable to an individual who is 60 years and older) subject to such conditions as specified in the IT Act. Members may also submit

any other document as prescribed under the IT Act, to claim a lower/nil withholding tax. PAN is mandatory for members providing Form 15G/Form 15H or any other documents as mentioned above.

The formats of Form 15G/Form 15H are available on the website of the Company at www.smslife.in/shareholding-information.php.

The aforesaid declarations and documents need to be submitted by the members on or before Monday, 25th September, 2023 to the Company / RTA. No communication on the tax determination/deduction shall be entertained post the aforesaid date. It may be further noted that in case the tax on said dividend is deducted at a higher rate in absence of receipt of the aforementioned details/documents from the members, there would still be an option available with the members to file the return of income and claim an appropriate refund, if eligible.

Members are requested to update their Permanent Account Number ("PAN") with the Company (in case of shares held in physical mode) and Depositories (in case of shares held in demat mode). Further, Central Board of Direct Taxes ("CBDT") has mandated to link PAN with Aadhar on or before 30th June, 2023. Hence, only the PAN linked with Aadhar shall only be considered as valid PAN.

- 21) Pursuant to the provision of Section 124(6) of the Companies Act, 2013 read with Rule 6 of the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 ("the IEPF Rules") and amendments thereto, shares on which dividend has not been paid or claimed for seven consecutive years or more shall be transferred to the demat account of the IEPF Authority except for shares in respect of which there is a specific order of Court, Tribunal or Statutory Authority restraining any transfer of the shares. Members who have not encashed their dividend warrant for respective financial years, are requested to write to the Company/Registrar and Share Transfer Agent (RTA) at least a month before the due date, as under:

Financial Year	Date of declaration of Dividend	Unclaimed dividend as on 31.03.2023	Last date for claiming unpaid/unclaimed dividend
2018-19	30.09.2019	₹37,973	07.11.2026
2019-20	-	-	-
2020-21	30.09.2021	₹17,267	07.11.2028
2021-22	30.09.2022	₹25,941	07.11.2029

Members who have not uncashed their dividend warrants and the sale consideration against fractional shares issued pursuant to demerger (i.e. ₹6,17,313/-), are requested to make their claims to RTA (info@aarthiconsultants.com) or the Company (cs@smslife.in).

Detailed list unclaimed dividend and unclaimed fractional share amount as on 31st March, 2023 is uploaded in the website of the Company at www.smslife.in/shareholding-information.php.

Shareholders are requested to note that, pursuant to the provisions of Section 124 of the Companies Act, 2013 read with IEPF Rules, all shares on which dividend has not been paid or claimed for seven consecutive years or more shall be transferred to IEPF Authority as notified by the MCA.

22) Process and manner for members opting for voting through Electronic means:

- a) In compliance with Regulation 44 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 9th December, 2020, Sections 108, 110 and other applicable provisions of the Companies Act, 2013, read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended), the Company is providing facility of remote e-voting to its members in respect of the business to be transacted at the 17th AGM to be held on Friday, 29th September, 2023, at 2.00 p.m., The Company has appointed Central Depository Services (India) Limited (“CDSL”) as the authorised e-Voting agency for facilitating voting through electronic means.

The facility of casting votes by members using remote e-voting as well as e-voting system on the date of the AGM will be provided by CDSL.

- b) Members whose names are recorded in the Register of Members or in the Register of Beneficial Owners maintained by the Depositories as on **Friday, 22nd September, 2023 (“Second Cut-off Date”)**, shall be entitled to avail the facility of remote e-voting as well as e-voting system on the date of the AGM. Any recipient of this Notice, who has no voting rights as on the “Second Cut-off date”, shall treat this Notice as intimation only.
- c) A person who has acquired the shares and has become a member of the Company after “First cut-off date” (i.e. after dispatch of the Notice of the AGM) and prior to “Second Cut-off date” (i.e. entitled to participate in AGM), shall be entitled to exercise his/her vote electronically i.e. remote e-voting or e-voting system on the date of the AGM.
- d) **The remote e-voting will commence on Tuesday, 26th September, 2023 at 9.00 a.m. and will end on Thursday, 28th September, 2023 at 5.00 p.m.**
- e) Once the vote on a resolution is casted by the member, he/she shall not be allowed to change it subsequently or cast the vote again.
- f) The voting rights of the members shall be in proportion to their share in the paid up equity share capital of the Company as on the “Second Cut-off date”.

23) Instructions for shareholders for remote E-voting are as under:

- a) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 9th December, 2020 and Regulation 44 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders’ resolutions. However, it has been observed that the participation by the public non-institutional shareholder’s/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facilities to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- b) In terms of aforesaid SEBI circular, e-Voting facility provided by the Company, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

MANAGEMENT DISCUSSION AND ANALYSIS

[Pursuant to part B of Schedule V of SEBI (Listing Obligations and Disclosure Requirements) 2015]

Your Company has emerged as a one of leading manufacturer of Active Pharmaceutical Ingredients (API) and Pharmaceutical Intermediate like manufacturing of Antiulcerative products, for both Indian and global markets and supplier of KSMs and Intermediates to customers.

The Company is proud of developing products, processes and systems according to industry benchmarks and achieving sustained improvements to deliver new and quality products. The Company has created required capacity and capabilities and has made concerted efforts to add new customers/ partners in various geographies.

Management Discussion & Analysis report sets out developments in the business, environment and Company's performance since our last report. The analysis supplements the Directors' Report and audited financial statements which together form part of this Annual Report.

INDUSTRY STRUCTURE AND DEVELOPMENTS

India's pharmaceutical industry is known for its global presence and exports to various markets worldwide. Frontier markets, which typically refer to emerging or developing economies with significant growth potential, present opportunities for India's pharmaceutical exports.

These markets often have a growing demand for affordable healthcare solutions and pharmaceutical products, making them potential targets for Indian pharmaceutical companies.

India's expertise in the sourcing, producing and exporting pharma products across a wide range at low-cost can be particularly advantageous in frontier markets where access to affordable healthcare is a crucial factor. India's large-scale manufacturing capabilities, coupled with its reputation for quality and competitive pricing, position it well to cater to the pharmaceutical needs of these global markets.

Key factors contributing to Indian pharma companies for global market:

- ❑ Cost-Effective Production
- ❑ Diverse Product Range:
- ❑ Regulatory Expertise:
- ❑ Collaborative Initiatives:

Over the past few years, the pharmaceutical sector in India has experienced healthy growth. In terms of active pharmaceutical ingredients (APIs), India boasts 500 API manufacturers, representing approximately 8% of the global API industry.

India's pharmaceutical exports totalled \$25.39 billion in the year 2022-23, a shade better than the previous fiscal but short of the \$27 billion target as headwinds, including the impact of the Russia-Ukraine war, hampered the pace of growth. An increase in raw material costs and withdrawal of GST exemption on ocean and air freight charges were among the headwinds despite which pharma exporters clocked year-on-year growth.

Despite significant impact caused due to Covid-19 fallout, prolonged Russian-Ukraine conflict and monetary tightening by central banks across the world economies, India maintained its position of the fastest growing economy in the world. The sustained resilience of Indian economy amidst global uncertainties is expected to continue in year 2023- 24 as well.

Opportunities, Threats and Outlook

Company is engaged in only one segment viz. APIs, Intermediates and Contract Manufacturing.

Currently, Company in its manufacturing unit located in Jeedimetla (Unit IV) which has an installed capacity is 50 KL for manufacturing of API and intermediates. Major products are Sibutramine, Domperidone, Itraconazole and Famotidine. Further, your Company aims to establish its presence in a few more frontiers and regulated markets over the current decade. The Company's short-term goal is to capture incremental market share in the existing geographies and establish strong foundation for sustained organic growth in the United States and European Union.

The successful USFDA audit in April 2022 is a testimony to the same.

It has also set its eyes on entering various additional markets and also aims to develop 3 to 4 products each year, in collaboration with ChemWerth Inc, a full-service generic API company based in the United States; given the growing importance of health and disease management by the world's population, The Company plans to leverage and grow in challenging frontier markets where affordability and health consciousness within the population is steadily increasing. Given its existing business model, solid management expertise and market knowledge.

In a way, the Company is not only charting out its short-term potential for growth but also its long term ambitions of achieving the reputation of being one of the best Bulk Drug / API / Intermediates manufacturer with comprehensive excellence in all aspects and presence in both semi and highly regulated markets.

Opportunities:

- ❑ **China plus one strategy** - As global companies look for alternate manufacturing locations outside China, the opportunity available to Indian manufacturers, including your Company, shall be encouraging.
- ❑ **R&D and manufacturing capabilities** - the R&D skills and relatively lower labour costs in India sets a good platform to capitalise on the new demographics.
- ❑ **Improving domestic business environment** - Government's focus on Make-in-India / Atmanirbhar Bharat projects / Performance Linked Incentive (PLI) schemes and ease of doing business, opens new doors for the Indian pharma companies.
- ❑ **Rising Income Levels:** As per the Government reports, 8% of the Indians will earn more than US\$ 12,000 per annum by 2026. 73 million households are expected to move to middle class in next ten years boosting their purchasing power.

Threats:

- ❑ **Increase in Competitive intensity:** Given the continuously changing business scenarios, there is a need for continuous evaluation of the competitive scenario and for taking necessary measures.
- ❑ **Regulatory Headwinds:** While the Government has been incrementally supporting the pharma sector especially after the pandemic, the regulatory environment keeps creating challenges.
- ❑ **Pandemics:** Despite the undaunted response that the healthcare system mounted against Covid-19, the threat of future pandemics is not a highly remote possibility.
- ❑ **Shortage of skilled Manpower:** Given the niche vertical, specialised and well-trained manpower remains a challenge which is further being compounded by the inevitable brain-drain.

New API and Intermediate Facility:

Company has statically acquired Mahi Drugs Private Limited in the year 2018, which is located in JN Pharma City, Visakhapatnam, which has 2 API lines and intermediate capacity of 190 KL and mostly being revamped to cater to regulated markets.

Financial performance with respect to Operational Performance

Others	17.24	15.46	11.51%
Total Sales	313.02	342.44	(8.59%)

Reason for decline of profitability:

During the year, various reasons like lower business growth, increase in the material cost, energy cost as well as increase in the other overhead expenses due to inflationary trend in the economy, the operating margins have reduced. This has resulted in lower operating profit margin, lower net profit margin and lower return on net worth as compared to previous financial year. Also operations from newly created capacities will take some time to create sustainable revenues while the expenditure is being incurred, creating an impact in bottom line in the short term.

Return on Net Worth for the year is lower than the previous year due to decline in profit for the year due to challenging market conditions as mentioned above.

Integrated Management System (IMS) policy:

Company is committed to focus primly on Quality, Environment, Occupational Health and Safety in our regular operations and to manufacture APIs and Drug intermediates while meeting its applicable standards, congenial and healthy work environment to our employees, community at large and strive for continual improvement, quality excellence and customer satisfaction through safe and good manufacturing practices.

Human Resources

Your Company strives to provide its employees with a congenial work environment that encourages a balanced, healthy, and safe lifestyle. The Company offers various growth opportunities, rewards merit, and recognises employee achievements.

Training programs are available to enhance employees' skills and promote inclusive growth and knowledge sharing. The Company continues to upgrade its HR processes and institutionalise them to create a value system and behavioural skills necessary for achieving short and long term goals.

The total employee strength of the Company as on 31st March, 2023 stood at 567.

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED 31st MARCH, 2023

[Pursuant to Section 204 (1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To the Members,
SMS Lifesciences India Limited,
Hyderabad

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **SMS Lifesciences India Limited** ("the Company"). The Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conduct/statutory compliances and expressing our opinion thereon.

Auditor's Responsibility

Our responsibility is to express an opinion on the compliance of the applicable laws and maintenance of records based on audit. We have conducted the audit in accordance with the applicable Auditing Standards issued by the Institute of Company Secretaries of India. The Auditing Standards require that the Auditor shall comply with statutory and regulatory requirements and plan and perform the audit to obtain reasonable assurance about compliance with applicable laws and maintenance of records.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year from 1st April, 2022 to 31st March, 2023 ("the audit period") complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent and in the manner reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2023 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made there under;

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION, FOREIGN EXCHANGE EARNINGS AND OUTGO

[Section 134(3)(m) of the Companies Act, 2013 read with Rule 8(3) of the Companies (Accounts) Rules, 2014]

The Company is making continuous efforts to conserve energy by adopting innovative measures to reduce wastage and optimize consumption. Amongst others, below are some of the specific steps taken by the Company towards conservation of energy at its various locations.

A. CONSERVATION OF ENERGY:

i. Steps taken or impact on conservation of energy:

Energy conservation refers to reducing energy consumption through optimal energy utilization technologies, enhancing energy availability, resource efficiency as also use of renewable energy. A dedicated energy management team focuses on energy management and constantly reviews the progress made. It has implemented a number of energy conservation initiatives.

Some of key initiatives include:

- ❑ Installed 33KV in place of 11KV HT Line from Unit-I to substation to improve power supply and reduce the running hours of DG set during power failure.
- ❑ Installed the Toshniwal vacuum pumps instead of steam ejectors in Production blocks (I,II,V,VIII and Phama block).
- ❑ New Automation system Installed from Solvent Tanks to Charge Tanks with mass-flowmeters to transfer material to process vessels in Production block - VIII.
- ❑ Replacement of higher capacity pumps with lower capacity in Production blocks (III, SRB and VIII) with automation.
- ❑ Optimising process cooling tower fans with automation and Cooling Tower Fans Aluminum Blades are replaced with E-Glass Epoxy Coated FRP Fan Blades.
- ❑ Replacing Centrifuges (CFs) & Fluidised Bed Dryers (FBDs) with Agitated Nutsche Filter Driers (ANFDs).
- ❑ Installed the Variable Frequency Drives (VFDs) in reactors (SS & GL).
- ❑ Installed the Steam auto cut off valves for Tray Driers, Fluidised Bed Dryers (FBDs), Reactors, Solvent Recovery columns and Vacuum Tray Driers.
- ❑ Providing chilled water circulation for Sub-Coolers and Heat Exchangers instead of brine solution.
- ❑ Replaced the steam jet pump in place of electrical pump for condensate water pumping to Boiler, MEE, HVD, SRB and DMSO Recovery block.
- ❑ All Production Blocks Steam Condensate Water recovery by 60% and used to Boiler which saves natural resource and energy.
- ❑ Replaced the IE2 motors in place of IE3 motors.
- ❑ Conducting the Maintenance of Steam Traps and purging type hot water tanks are replaced with condenser / coil type hot water tanks to recover the steam condensate.

- ❑ Installed the +5 Chilling unit reciprocating compressor in place of Vapour Absorption Machine (VAM).
- ❑ Replacement of over-sized Cooling Water Circulation Pump with optimum size pump for Chilling Plant to reduce the energy consumption.

ii. Steps taken by the Company for utilizing alternate sources of energy:

- ❑ Replaced electrical CF lights with LED lights in Plant (QC, QA, Production Blocks-I to VIII, Pharma-I & II, SRB, HVD, Ware House, Boilers, MEE).
- ❑ Arranged transparent roof-top sheets with turbo ventilator at manufacturing facilities in Production Blocks-III, V and Warehouse.
- ❑ Collection of Rain water in collection tank from all areas (4000 KL capacity of GL & MS Tanks) and pumping to all Cooling towers and Boiler.
- ❑ Identifying cheaper power sources Utilizing the alternate sources of energy IEX (Indian Energy Exchange) private power.

iii. Capital investment on energy conservation equipment:

Not envisaged any additional investment during the coming years.

B. TECHNOLOGY ABSORPTION:

i. The Efforts made towards technology absorption:

The Company continued efforts for absorption of certain technologies developed in-house in relation to Process / Analytical method development of APIs and intermediates. These technologies were absorbed in development of new formulations for developed markets.

ii. The Benefits derived like product improvement, cost reduction, product development or import substitution:

- ❑ Receipt of regulatory approvals for new products
- ❑ Development of cost effective manufacturing process
- ❑ Reduction in cost of materials and production
- ❑ Improvement in product yield and quality

INDEPENDENT AUDITORS' REPORT

To the Members of

SMS Lifesciences India Limited

Report on the Audit of the Ind AS Standalone Financial Statements

Opinion

We have audited the accompanying Ind AS standalone financial statements of **SMS Lifesciences India Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2023, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date and a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ("Ind AS") prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023 and its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing ("SA's") specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1	Accuracy of recognition, measurement, presentation and disclosures of revenues and other related balances in view of adoption of Ind AS 115 "Revenue from Contracts with Customers" (revenue accounting standard)	<p>Principal Audit Procedures</p> <p>We assessed the Company's process to identify the impact of adoption of the revenue accounting standard.</p> <p>Our audit approach consisted testing of the design and operating effectiveness of the internal controls and substantive testing as follows:</p> <ul style="list-style-type: none"> • Evaluated the design of internal controls relating to implementation of the revenue accounting standard.

Sr. No.	Key Audit Matter	Auditor's Response
		<ul style="list-style-type: none"> • Selected a sample of continuing and new contracts, and tested the operating effectiveness of the internal control, relating to identification of the distinct performance obligations and determination of transaction price. We carried out a combination of procedures involving enquiry and observation, reperformance and inspection of evidence in respect of operation of these controls. • Selected a sample of continuing and new contracts and performed the following procedures: <ol style="list-style-type: none"> 1. Read, analysed and identified the distinct performance obligations in these contracts. 2. Considered the terms of the contracts to determine the transaction price including any variable consideration to verify the transaction price used to compute revenue and to test the basis of estimation of the variable consideration.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information we are required to report that fact. We have nothing to report in this regard.

Management's Responsibilities for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 (the "Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order to the extent applicable.
2. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act read with Companies Ind AS rules 2015 as amended.
 - e) On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 read with Schedule V of the Act.
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

Annexure “A” to the Independent Auditor’s Report

(Referred to in paragraph 1 under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of SMS Lifesciences India Limited of even date)

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

- i. In respect of the Company’s Property, Plant and Equipment and Intangible Assets:
 - (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
(B) The Company has maintained proper records showing full particulars of intangible assets.
 - (b) The Company has a program of physical verification of Property, Plant and Equipment and right-of-use assets so as to cover all the assets once in every three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain Property, Plant and Equipment were due for verification during the year and were physically verified by the Management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
 - (c) The title deeds of all the immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in the financial statements are held in the name of the Company.
 - (d) The Company has not revalued any of its Property, Plant and Equipment and intangible assets during the year.
 - (e) According to information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 as amended and rules made thereunder.
- ii. (a) The physical verification of inventory has been conducted at reasonable intervals by the Management during the year and no discrepancies of 10% or more in aggregate for each class of inventory were noticed on such physical verification.

In our opinion and based on the information and explanations given to us, the coverage and procedure of such verification by the management is appropriate having regard to the size of the Company and the nature of its operations. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories.

 - (b) According to the information and explanation given to us and on the basis of examination of the records of the Company, the Company has been sanctioned working capital limits in excess of ₹ 5 crore, in aggregate during the year, from banks or financial institutions on the basis of security of current assets. The returns or statements filed by the Company with such banks or financial institutions are in agreement with the unaudited/audited books of account of the Company of the respective quarters and no material discrepancies have been observed.
- iii. During the year the company has not made investments in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties. Hence, other sub clauses under this clause are not applicable.
- iv. According to the information and explanations given to us and on the basis of our examination of records of the Company, during the year, the Company has neither made any investments nor has it given loans or provided

guarantee or security and therefore the relevant provisions of Sections 185 and 186 of the Act (“the Act”) are not applicable to the Company. Accordingly, clause 3(iv) of the Order is not applicable.

- v. The Company has not accepted any deposits or amounts which are deemed to be deposits. Hence, reporting under clause 3(v) of the Order is not applicable.
- vi. We have broadly reviewed the cost records maintained by the Company pursuant to the rules prescribed by the Central Government of India under section 148(1) of the Companies Act, 2013 and are of the opinion that prima facie the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- vii. In respect of statutory dues:
- (a) In our opinion, the Company has generally been regular in depositing undisputed statutory dues, including Goods and Services tax, Provident Fund, Employees’ State Insurance, Income Tax, Customs Duty, Cess and other material statutory dues applicable to it with the appropriate authorities. There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Employees’ State Insurance, Income Tax, Customs Duty, Cess and other material statutory dues in arrears as at March 31, 2023 for a period of more than six months from the date they became payable.
- (b) There were no statutory dues which have not been deposited as on March 31, 2023 on account of disputes except the following:

S. No.	Name of the Statute	Nature of the dues	Forum where dispute is pending	Period to which the amount relates	Amount involved (Rs. Lakhs)	Amount Unpaid (Rs. Lakhs)
1	AP Non Agricultural Land (Conversion for Non Agriculture Purpose) Act, 2006	Nala Tax	High Court of Telangana	Demand Raised in the year 2012-13	22.50	22.50
2	Employees Provident Fund and Miscellaneous Provisions Act, 1952	Interest on Provident Fund	NCLT Hyderabad	December,1999 to December, 2007	7.52	7.52
3	Income Tax Act, 1961	Income Tax	Erstwhile BIFR	1988-89 to 2004-05	75.07	75.07
4	Income Tax Act, 1961	Interest on above	Erstwhile BIFR	1988-89 to 2019-20	165.29	156.28

- viii. There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).
- ix. (a) In our opinion, the Company has not defaulted in repayment of any loans or other borrowings or in the payment of interest thereon to any lender.
- (b) The Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.
- (c) In our opinion and according to the information and explanations given to us by the management term loans were applied for the same purpose for which the loans were obtained.

- (d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.
- (e) According to the information and explanations given to us by the management and examination of the records of the Company, the Company is having investment in subsidiary company. However, the Company has not raised any funds from any entity or person of or to meet the obligations of its subsidiary. Accordingly, provisions of the clause 3(ix)(e) of the Order is not applicable to the Company.
- (f) According to the information and explanations given to us by the management and examination of the records of the Company, the Company is having investment in subsidiary company. However, the Company has not raised any loan on pledge of securities held in subsidiary Company. Accordingly, provisions of the clause 3(ix)(f) of the Order are not applicable to the Company.
- x. (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.
- (b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable.
- xi. (a) No fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- (c) As represented to us by the management, there are no whistle blower complaints received by the company during the year.
- xii. The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.
- xiii. In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.
- xiv. (a) In our opinion, the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.
- xv. In our opinion, during the year the Company has not entered into any non-cash transactions with its Directors or persons connected with its directors, and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- xvi. (a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.
- (b) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
- xvii. The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.

- xviii. There has been no resignation of the statutory auditors of the Company during the year.
- xix. On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, further state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx. In our opinion and according to the information and explanations given to us, the unspent amount of CSR relates to ongoing projects has been transferred to a special designated bank account.
- xxi. According to the information and explanations given to us, and based on the Audit report of the subsidiary Company there are no qualifications / adverse remarks in the Companies (Auditor's Report) Order (CARO) report of the subsidiary Company included in the Consolidated financial statements.

Annexure “B” to the Independent Auditor’s Report

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of SMS Lifesciences India Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 (the “Act”)

We have audited the internal financial controls over financial reporting of SMS Lifesciences India Limited (the “Company”) as of March 31, 2023 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Management of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (the “ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide

reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

The registered office of the Company is at Plot No.19-III, Road No. 71, Jubilee Hills, Hyderabad-500 096, Telangana, India. The Equity Shares of the Company are listed in Bombay Stock Exchange (BSE) and National Stock Exchange (NSE). The Company is engaged in the business of manufacturing of Active Pharma Ingredients and their intermediates. The Company is having manufacturing facilities at Kazipally and Jeedimetla and its Research and Development centre at Sanathnagar in Hyderabad.

2. Basis of preparation of Standalone Financial Statements

2.1 Statement of Compliance

The standalone financial statements of the Company have been prepared in accordance with the Indian Accounting Standards as notified under section 133 of the Companies Act, 2013 ("the Act") read with the Companies (Indian Accounting Standards) Rules, 2015 notified under section 133 of Companies Act 2013 (the 'Act'). The Company has uniformly applied the accounting policies during the years presented.

These standalone financial statements have been prepared by the Company as a going concern on the basis of relevant Ind AS that are effective at the Company's annual reporting date, 31st March, 2023. These Financial Statements were authorized and approved for issue by the Board of Directors on 29th May, 2023.

2.2 Basis of Measurement:

The standalone financial statements have been prepared on a historical cost and on accrual basis, except for the following items in the balance sheet:

- Certain financial assets are measured either at fair value or at amortised cost depending on the classification.

- Employee defined benefit assets/(liability) are recognized as the net total of the fair value of plan assets, plus actuarial losses, less actuarial gains and the present value of the defined benefit obligation.
- Right-of use the assets are recognized at the present value of lease payments that are not paid at that date.
- Assets held for sale are measured at fair value less cost to sell.

2.3 Current and Non-Current Classification:

The Company presents assets and liabilities in the balance sheet based on current and non-current classification.

- An asset is treated as current when it satisfies the below mentioned criteria:
 - Expected to be realized or intended to be sold or consumed in normal operating cycle;
 - Held primarily for the purpose of trading;
 - Expected to be realized within twelve months after the reporting period, or
 - Cash or Cash Equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.
- All Other Assets are classified as non-current.
- A liability is classified as current when it satisfies the below mentioned criteria:
 - Expected to settle the liability in normal operating cycle;
 - Held primarily for the purpose of trading;
 - Due to be settled within twelve months after the reporting period, or
 - There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

- (d) All Other liabilities are classified as non-current.
- (e) Deferred Tax Assets and Liabilities are classified as non-current assets and liabilities.
- (f) The Operating Cycle is the time between the acquisition of assets for processing and their realization in Cash and Cash Equivalents. The Company has identified Twelve months as its Operating Cycle.

3. Summary of Significant Accounting Policies:

The standalone financial statements have been prepared using the accounting policies and measurement basis summarized below:

3.1 Revenue Recognition:

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration the Company expects to receive in exchange for those products or services. To recognize revenues, the Company applies the following five step approach:

- (1) identify the contract with a customer,
- (2) identify the performance obligations in the contract,
- (3) determine the transaction price,
- (4) allocate the transaction price to the performance obligations in the contract, and
- (5) recognize revenues when a performance obligation is satisfied.

The specific recognition criteria described below must also be met before revenue is recognised.

The Company's revenue is derived from sale of goods, sale of services. Most of such revenue is generated from the sale of goods. The Company has generally concluded that it is the principal in its revenue arrangements.

(i) Revenue from Sale of Goods:

Revenue from sale of goods is recognized when a promise in a customer contract (performance

obligation) has been satisfied by transferring the control over the promised goods to the customer. Control is usually transferred upon shipment, delivery to, upon receipt of the goods by the customer, in accordance with the delivery and acceptance terms agreed with the customers. The amount of revenue to be recognized is based on the consideration expected to be received in exchange of goods, excluding applicable discounts sales returns and any taxes or duties collected on behalf of the government such as GST where ever applicable.

Presented below are the points of recognition of revenue with respect to the Company's sale of goods:

Particulars	Point of recognition of revenue
Domestic Sales	Upon delivery of products to customers (generally formulation manufacturers), from the factories of the Company.
Export Sales	Upon delivery of the products to the customers unless the terms of the applicable contract provide for specific revenue generating activities to be completed, in which case revenue is recognised once all such activities are completed.

(ii) Revenue from Sale of Services:

Revenue from Sale of services is recognised as per the terms of the contracts with customers when the related services are performed or the agreed milestones are achieved.

(iii) Export incentives:

Export incentives are recognized as income when the right to receive credit as per the terms of the scheme is established in respect of the exports made and where there is no significant uncertainty regarding the ultimate collection of the relevant export proceeds.

(iv) Dividend Income:

Dividends are received from financial assets at fair value through profit or loss and at FVOCI. Dividends are recognised as other income in profit or loss when the right to receive payment is established. This applies even if they are paid out of pre-acquisition profits, unless the dividend clearly represents a recovery of part of the cost of the investment.

(v) Interest Income:

Interest income from financial assets at fair value through profit or loss is disclosed as interest income within other income. Interest income, on financial assets at amortised cost and financial assets at FVOCI, is calculated using the effective interest method and the same is recognized in the statement of profit and loss as part of other income. Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets, the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

3.2 Foreign Currency Transactions:

i. Functional and Presentation Currency:

The standalone financial statements are presented in Indian Rupee ('INR' or '₹') which is also the functional and presentation currency of the Company.

ii. Initial Recognition:

Foreign currency transactions are recorded in the functional currency, by applying to the exchange rate between the functional currency and the foreign currency at the date of the transaction.

iii. Conversion on Reporting Date:

Transactions in foreign currencies are initially recorded by the Company at its functional currency spot rates at the date the transaction first qualifies for recognition. Monetary assets

and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

iv. Exchange Differences:

Exchange differences arising on monetary items on settlement, or restatement as at reporting date, at rates different from those at which they were initially recorded, are recognized in the statement of profit and loss in the year in which they arise.

3.3 Property, Plant and Equipment:

(a) Recognition and Initial Measurement

Property, Plant and Equipment are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

Cost includes non-refundable taxes, duties, freight, borrowing costs and other incidental expenses related to the acquisition and installation of the respective assets.

Assets under installation or under construction as at the Balance Sheet date are shown as Capital Work in Progress. Advances paid towards acquisition of assets are shown as Capital Advances.

Borrowing Cost relating to acquisition of Property, Plant and Equipment which takes substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to put to use.

Subsequent Costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company. All other repair and maintenance costs are recognized in statement of profit or loss as incurred.

(b) Subsequent Measurement (Depreciation and Useful Lives)

Depreciation on property, plant and equipment is provided on the straight-line method, computed on the basis of useful lives as estimated by management which coincides with rates prescribed in Schedule II to the Companies Act, 2013.

Depreciation on addition to/deletion from fixed assets made during the year is provided on pro-rata basis from/up to the date of such addition/deletion as the case may be. In case of assets costing less than Rs.5,000/- purchased during the year also depreciation has been provided at normal rates on pro-rata basis from the date of purchase.

Cost of the leasehold land is amortized on a straight-line basis over the term of the lease. Depreciation on landscape is being provided @10% under straight line method.

The residual values, useful lives and method of depreciation are reviewed at each financial year end and adjusted prospectively, if appropriate.

(c) De-recognition

An item of Property, Plant and Equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognized.

(d) Capital advances

Advances paid towards acquisition of tangible fixed assets outstanding at each balance sheet date are shown under other non-current assets as capital advances.

(e) Capital work-in-progress

Capital work-in-progress includes cost of property, plant and equipment under installation/development as at the balance sheet date.

3.4. Intangible Assets:

Intangible assets consist of goodwill, other intangibles, and product development costs.

3.4. A. Goodwill:

Goodwill represents the excess of purchase consideration over the net book value of assets acquired of the subsidiary companies as on the date of investment. Goodwill is not amortised but is tested for impairment on a periodic basis and impairment losses are recognised wherever applicable.

3.4 B. Other Intangible Assets:

(a) Recognition and Initial Measurement

Intangible assets are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

(b) Subsequent measurement (amortization):

The cost incurred on Intangible Assets is amortized over a period of 6 years in case of Computer Software and 4 years for Patents on Straight Line Method.

3.5 Leases:

At inception of a contract, the company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- The contract involves use of an identified asset, whether specified explicitly or implicitly;
- The Company has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use;

- The Company has right to direct the use of the asset by either having right to operate the asset or the Company having designed the asset in a way that predetermines how and for what purpose it will be used.

Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets. Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

i) Right-of-use assets

The Company recognizes right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any measurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets, as follows:

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

ii) Lease Liabilities

At the commencement date of the lease, the Company recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees.

The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is premeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

iii) Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases of asset (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low value assets recognition exemption to leases that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognized as expense on a straight-line basis over the lease term.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing activity in cash flow statement.

3.6 Inventories:

Raw materials, packaging materials, are carried at cost. Stores and spares are being charged to revenue as and when purchased. Cost includes purchase price excluding taxes those are subsequently recoverable by the company from the concerned authorities, freight inwards and other expenditure incurred in bringing such inventories to their present location

and condition. Cost of Raw Material, packaging material is determined using the weighted average cost method.

Finished goods and work in progress are valued at the lower of cost and net realizable value. Cost of work in progress and manufactured finished goods is determined on weighted average basis and comprises cost of direct material, cost of conversion and other costs incurred in bringing these inventories to their present location and condition. Cost of traded goods is determined on weighted average basis.

Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Spare Parts, Stand-by Equipment and Servicing Equipment are recognized in accordance with this Ind AS-16 when they meet the definition of property, plant and Equipment. Otherwise, such items are classified as inventory and are valued at Cost.

The carrying cost of raw materials, packing materials are appropriately written down when there is a decline in replacement cost of such materials and finished products in which they will be incorporated are expected to be sold below cost.

3.7 Cash and Cash Equivalents:

Cash and Cash equivalents include cash on hand and at bank, deposits held at call with banks, other short-term highly liquid investment with original maturities of three months or less that are readily convertible to a known amount of cash which are subject to an insignificant risk of changes in value and are held for meeting short-term cash commitments.

For the Statement of Cash Flows, cash and cash equivalents consists of short term deposits, as defined above, net of outstanding bank overdraft as they are being considered as integral part of the Company cash management.

3.8 Trade Receivables:

Trade receivables are amounts due from customers for goods sold or services performed in the

ordinary course of business. Trade receivables are recognized initially at the amount of consideration that is unconditional unless they contain significant financing components, when they are recognized at fair value. The Company holds the trade receivables with the objective of collecting the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method, less loss allowance.

3.9 Financial Instruments

(a) Financial Assets

(i) Initial recognition and measurement:

All financial assets are recognised initially at fair value and transaction cost that is attributable to the acquisition of the financial asset is also adjusted.

(ii) Subsequent measurement

a) Debt instruments –

A ‘debt instrument’ is measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method.

b) Equity investments –

All equity investments in scope of Ind-AS 109 are measured at fair value. Equity instruments which are held for trading are generally classified as at fair value through profit and loss (FVTPL). For all other equity

instruments, the Company decides to classify the same either as at fair value through other comprehensive income (FVOCI) or fair value through profit and loss (FVTPL). The Company makes such election on an instrument by instrument basis. The classification is made on initial recognition and is irrevocable.

Investment in Associates, Subsidiaries and Joint Venture:

Investments in Subsidiaries, Associates and Joint ventures are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiaries and joint venture, the difference between net disposal proceeds and the carrying amounts are recognised in the statement of profit and loss.

(iii) De-recognition of financial assets

A financial asset is primarily de-recognised when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

(b) Financial liabilities

(i) Initial Recognition and Measurement:

All financial liabilities are recognized initially at fair value and transaction cost that is attributable to the acquisition of the financial liabilities is also adjusted. These liabilities are classified as amortized cost.

(ii) Subsequent Measurement

These liabilities include borrowings and deposits. Subsequent to initial recognition, these liabilities are measured at amortized cost using the effective interest method.

(iii) De-recognition of Financial Liabilities:

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

(c) Financial Guarantee Contracts

Financial Guarantee Contracts are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified party fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of expected loss allowance determined as per impairment requirements of Ind-AS 109 and the amount recognised less cumulative amortization.

(d) Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

(e) Impairment of Financial Assets

In accordance with Ind-AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss for financial assets.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive. When estimating the cash flows, the Company is required to consider –

- All contractual terms of the financial assets (including Prepayment and extension) over the expected life of the assets.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

(f) Other Financial Assets

For recognition of impairment loss on other financial assets and risk exposure, the Company determines whether there has been a significant increase in the credit risk since initial recognition and if credit risk has increased significantly, impairment loss is provided.

3.10 Impairment of Non-Financial Assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

3.11 Income Taxes:

Current Income Tax

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the respective laws of the state. Current tax includes taxes to be paid on the profit earned during the year and for the prior periods, if any.

Deferred Income Tax

Deferred income taxes are provided based on the balance sheet approach considering the temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where a component has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognised only if it is probable that they can be utilised against future taxable profits.

The Carrying amount of deferred tax assets are reviewed at each balance sheet date. The Company writes-down the carrying amount of a deferred tax asset to the extent that it is no longer probable that sufficient future taxable income will be available against which deferred tax asset can be realised. Any such write-down is reversed to the extent that it becomes reasonably certain that sufficient future taxable income will be available.

The effect of changes in tax rates on deferred tax assets and liabilities is recognized as income or expense in the period that includes the enactment or expense in the period that includes the enactment or substantive enactment date.

Minimum alternate tax (MAT)

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The Company recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. The Company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

3.12 Non-current assets held for sale

Assets are classified as held for sale and stated at the lower of carrying amount and fair value less costs to sell if the asset is available for immediate sale and its sale is highly probable. Such assets or group of assets are presented separately in the Balance Sheet as “Assets Classified as held of Sale”. Once classified as held for sale, intangible assets and property, plant and equipment are no longer amortised or depreciated.

3.13 Segment Reporting:

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The Chairman and managing director has been identified as being the Chief Operating Decision Maker (CODM). The Company is engaged in manufacturing and sale of Active Pharma Ingredients and their Intermediates and operates in a single operating segment. Revenues are attributed to geographical areas based on the location of the customers.

3.14 Government Grants:

Government grants are recognized where there is reasonable assurance that the grant will be received and all attached conditions will be complied with.

Government grants relating to income are deferred and recognized in the profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss on a straight-line basis over the expected lives of the related assets and presented within other income.

Government grants relating to loans or similar assistance with an interest rate below the current applicable market rate are initially recognized and measured at fair value. The effect of this favorable interest is regarded as a government grant and is measured as the difference between the initial carrying value of the loan and the proceeds received. The loan is subsequently measured as per the accounting policy applicable to financial liabilities.

3.15 Borrowings:

Borrowings are initially recognized at fair value, net of transaction cost incurred. Borrowings are subsequently measured at amortized cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognized in profit or loss over the period of the borrowings using the effective interest method.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognized in profit or loss as other gains/(losses).

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of financial statements for issue, not to demand payment as consequence of the breach.

3.16 Borrowing Cost

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

3.17 Provisions

Provisions are recognized when there is a present legal or constructive obligation that can be estimated reliably, as a result of a past event, when it is probable that an outflow of resources

embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not recognized for future operating losses.

Any reimbursement that the Company can be virtually certain to collect from a third party with respect to the obligation is recognized as a separate asset. However, this asset may not exceed the amount of the related provisions.

Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provisions are reversed. Where the effect of the time of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provisions due to the passage of time is recognized as a finance cost.

Provision for litigation related obligation represents liabilities that are expected to materialize in respect of matters in appeal.

3.18 Trade Payables:

These amounts represent liabilities for goods supplied to the Company prior to the end of financial year which are unpaid. Trade payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognized initially at their fair value and subsequently measured at amortized cost using the effective interest method.

3.19 Dividends

The Company recognises a liability to make cash distributions to equity holders when the distribution is authorized and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognized directly in equity. Interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors. The Company is required to pay/distribute dividend after deducting applicable taxes. The remittance of dividends outside India is governed by Indian law on

foreign exchange and is also subject to withholding tax at applicable rates.

3.20 Equity:

Ordinary Shares are classified as Equity share Capital. Incremental costs directly attributable to the issue of new ordinary shares or share options and buy back are recognized as a deduction from equity, net of tax effects, if any.

3.21 Research and Development:

Revenue expenditure pertaining to research is charged to the Statement of Profit and Loss. Development costs of products are also charged to the Statement of Profit and Loss unless a product's technical feasibility has been established, in which case such expenditure is capitalized. Development expenditure on an individual project are recognized as an intangible asset when the Company can demonstrate:

- The technical feasibility of completing the intangible asset so that the asset will be available for use or sale
- Its intention to complete and its ability and intention to use or sell the asset
- How the asset will generate future economic benefits
- The availability of resources to complete the asset
- The ability to measure reliability the expenditure during development.

The expenditure to be capitalized includes the cost of materials and other costs directly attributable to preparing the asset for its intended use. Other development expenditures are recognized in the statement of profit and loss as and when incurred. As at 31st March, 2023, none of the development expenditure amounts has met the aforesaid recognition criteria.

3.22 Post Employee Benefits:

(a) Defined Contribution Plans:

The Company's contribution to provident fund and employee state insurance schemes is charged to the statement of profit and

loss. The Company's contributions towards Provident Fund are deposited with the Regional Provident Fund Commissioner under a defined contribution plan.

(b) Defined Benefit Plans:

The Company has gratuity as defined benefit plan where the amount that an employee will receive on retirement is defined by reference to the employee's length of service and final salary. The liability recognized in the balance sheet for defined benefit plans as the present value of the Defined Benefit Obligation (DBO) at the reporting date. Management estimates the DBO annually with the assistance of independent actuaries as per the requirements of Ind AS 19 "Employee Benefits". Actuarial gains and losses resulting from re-measurement of the liability are included in other comprehensive income.

The Company has subscribed to a group gratuity scheme of Life Insurance Corporation of India (LIC). Under the said policy, the eligible employees are entitled for gratuity upon their resignation, retirement or in the event of death in lump sum after deduction of necessary taxes upto a maximum limit as per the Gratuity Act, 1972. Liabilities in respect of the Gratuity Plan are determined by an actuarial valuation, based upon which the Company makes contributions to the Gratuity Fund.

(b) Compensated Absence Policy:

The employees of Company are entitled to compensated absences the employees can carry forward a portion of the un utilised accumulated compensated absences and utilize in future periods or encash the leaves at the time of retirement or termination of employment. The Company records an obligation in the period in which the employee render the services that increases this entitlement. The Company measures the expected cost of compensated absences as the additional amount that the Company expects to pay as a result of the unused entitlement that has accumulated at the end of the reporting period. The Company recognises accumulated compensated absences based

on actuarial valuation using the projected unit credit method as on the reporting date as per the requirements of Ind AS "Employee Benefits". Non accumulating compensated absences are recognised in the period in which the absences occur. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are recorded in the statement of profit and loss in the year in which such gains or losses arise.

(c) Short-Term Employee Benefits

Short –term employee benefits comprise of employee costs such as salaries, bonus etc. is recognized on the basis of the amount paid or payable for the period during which services are rendered by the employee.

3.23 Earnings per Share:

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for events including a bonus issue.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

3.24 Contingent Liabilities and Commitments:

Where it is not probable that an outflow of economic resources will be required, or the amount cannot be estimated reliably, the asset or the obligation is not recognised in the statement of balance sheet and is disclosed as a contingent liability.

Possible outcomes on obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events are also disclosed as contingent liabilities.

Contingent Assets are neither recognized nor disclosed. However, when realization of Income is virtually certain, related asset is recognized.

3.25 Exceptional Items

Exceptional items are disclosed separately in the financial statements where it is necessary to do so to provide further understanding of the financial performance of the Company. These are material items of income or expense that have to be shown separately due to the significance of their nature or amount.

3.26 Fair Value Measurement

The Company measures Financial Instruments at fair value at each Balance Sheet Date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for such asset or liability, or in the absence of a principal market, in the most advantageous market which is accessible to the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the standalone financial statements are categorized within the fair value hierarchy, described as follows, based on the

lowest level input that is significant to the fair value measurement as a whole:

Level 1 – Quoted (unadjusted market prices) in active markets for identical assets or liabilities.

Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurements is directly or indirectly observable.

Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

3.27 Estimates and Assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the standalone financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

(i) Recognition of Deferred Tax Assets

The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the Company's future taxable income against which the deferred tax assets can be utilized. In addition, significant judgment is required in assessing the impact of any legal or economic limits or uncertainties in various tax jurisdictions.

(ii) Recognition of Deferred Tax Liability on Undistributed Profits:

The extent to which the Company can control the timing of reversal of deferred tax calculation on undistributed profits of its subsidiaries requires judgment.

(iii) Evaluation of Indicators for Impairment of Assets:

The evaluation of applicability of indicators of impairment of assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets.

(iv) Recoverability of Advances/Receivables:

At each balance sheet date, based on historical default rates observed over expected life, the management assesses the expected credit loss on outstanding receivables and advances.

(v) Useful lives of Depreciable/Amortizable Assets:

Management reviews its estimate of the useful lives of depreciable/amortisable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utility of certain software, customer relationships, IT equipment and other plant and equipment.

(vi) Defined Benefit Obligation (DBO):

Management's estimate of the DBO is based on a number of critical underlying assumptions such as standard rates of inflation, medical cost trends, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

(vii) Fair Value Measurements:

Management applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available) and non-financial assets. This involves developing estimates and assumptions consistent with how market participants would price the instrument. Management uses the best information available. Estimated fair values may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

(viii) Provisions:

At each balance sheet date the management judgment, changes in facts and legal aspects, the Company assesses the requirement of provisions against the outstanding warranties and guarantees. However, the actual future outcome may be different from this judgment.

3.28 Recent Accounting Pronouncements:

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On 31st March 2023, MCA amended the Companies (Indian Accounting Standards) Rules 2015 by issuing the companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from 1st April, 2023. The amendments are not expected to have a material impact on the standalone financial statements of the Company.

3.29 Rounding of Amounts:

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs, as per the requirement of Schedule III of the Companies Act, 2013 unless otherwise stated.

39 Post Employment Benefits

39.1 Defined Contribution Plans

39.1.1 Employer's Contribution to Provident Fund: Contributions are made to provident fund in India for employees at the rate of 12% of basic salary as per regulations. The contributions are made to registered provident fund administered by the government. The obligation of the company is limited to the amount contributed and it has no further contractual nor any constructive obligation. The expense recognised during the year towards PF Contribution is Rs.206.38 Lakhs (31st March, 2022 Rs. 183.32 Lakhs).

39.1.2 Employer's Contribution to State Insurance Scheme: Contributions are made to State Insurance Scheme in India for employees at the rate of 3.25%. The Contributions are made to Employee State Insurance Corporation(ESI) to the respective State Governments of the Company's location. This Corporation is administered by the Government and the obligation of the company is limited to the amount contributed and it has no further contractual nor any constructive obligation. The expense recognised during the period towards ESI Contribution is Rs.9.37 Lakhs (31st March, 2022 - Rs. 11.20 Lakhs).

39.2 Defined Benefit Plans

The Company has a defined benefit gratuity plan governed by Payment of Gratuity Act, 1972. Every Employee who has completed five years or more of service is entitled to a gratuity on departure at 15 days salary for each completed year of Service. The Scheme is funded through a policy with Life Insurance Corporation of India (LIC).

The Company has a defined benefit Compensated Absence Plan governed by The Factories Act, 1948. Every Employee who has worked for a period of 240 days or more during a calendar year shall be allowed during the subsequent calendar year, leave with wages for a number of days calculated as per Act.

The following table summarise net benefit expenses recognised in the statement of profit and loss, the status of funding and the amount recognised in the Balance Sheet for both the plans:

Particulars	31 st March, 2023	31 st March, 2022
*Fund managed by Life Insurance Corporation of India (Unquoted)	100%	100%

*Fund is managed by LIC as per IRDA guidelines, category-wise composition of the plan assets is not available. Expected Return on Assets is based on rate of return declared by fund managers.

39.2.8 Acturial Assumptions for estimating Company's Defined Benefit Obligation:

Particulars	31 st March, 2023	31 st March, 2022
Discount rate	7.23%	7.37%
Attrition Rate	PS : 0 to 40 : 2%	PS : 0 to 40 : 2%
Expected rate of increase in Salary	2.00%	3.00%
Mortality Table	IALM (2012-14) Ult.	IALM (2012-14) Ult.
Expected average remaining Service (Yrs)	17.23	17.64

- (a) Assumptions regarding future mortality experience are set in accordance with the published statistics by the Life Insurance Corporation of India.
- (b) Plan assets does not comprise any of the Company's own financial instruments or any assets used by the Company. The Company has the plan covered under a policy with the Life Insurance Corporation of India.
- (c) The Significant acturial assumptions for the determination of the defined benefit obligation are the discount rate, the salary growth rate and the average life expectancy. The calculation of the net defined benefit liability is sensitive to these assumptions. However, the impact of these changes is not ascertained to be material by the management.

(All amounts in Indian Rupees in Lakhs, unless otherwise stated)

39.2.9 Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Particulars	31 st March, 2023	31 st March, 2022
Defined Benefit Obligation	385.26	328.61
Effect of 1% change in assumed discount rate on defined benefit obligation		
Increase : +1%	451.32	399.61
Decrease: -1%	517.23	462.40
Effect of 1% change in assumed salary escalation rate on defined benefit obligation		
Increase : +1%	517.16	462.06
Decrease: -1%	450.96	399.49

The above sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions, the same method (Projected Unit Credit Method) has been applied while calculating the defined benefit liability recognised within the Balance Sheet.

39.2.10 Other Information

(i) Expected rate of return basis

EROA is the discount rate as at previous valuation date as per the accounting standard

(ii) Description of Plan Assets and Reimbursement Conditions

100% of the Plan Asset is entrusted to LIC of India under their Group Gratuity Scheme. The reimbursement is subject to LIC's Surrender Policy

(iii) Discount Rate

The discount rate has decreased from 7.37% to 7.23% and hence there is an increase in liability leading to to actuarial gain due to change in discount rate.

Notes to the Standalone Financial Statements

(All amounts in Indian Rupees in Lakhs, unless otherwise stated)

(iv) Present Value of Defined Benefit Obligation:

Present value of the defined benefit obligation is calculated by using Projected Unit Credit Method (PUC Method). Under the PUC Method, a “projected accrued benefit” is calculated at the beginning of the year and again at the end of the year for each benefit that will accrue for all active members of the Plan. The “Projected accrued benefit” is based on the Plan’s accrual formula and upon service as of the beginning or end of the year, but using a member’s final compensation, projected to the age at which the employee is assumed to leave active service. The Plan Liability is the actuarial present value of the “Projected accrued benefits” as of the beginning of the year for active members.

(v) Expected Average remaining service vs. Average remaining future service:

The average remaining service can be arithmetically arrived by deducting current age from normal retirement age whereas the expected average remaining service is arrived actuarially by applying multiple decrements to the average remaining future service namely mortality and withdrawals. Thus, the expected average remaining service is always less than the average remaining future service..

(vi) Current and Non Current Liability:

The total of current and non-current liability must be equal with the total of PVO (Present Value Obligation) at the end of the period plus short term compensated liability if any. It has been classified in terms of “ Schedule III” of the Companies Act, 2013.

(vii) Defined Benefit Liability and Employer Contributions

The Company has purchased insurance policy to provide for payment of gratuity to the employees. Every year, the insurance company carries out a funding valuation based on the latest employee data provided by the Company. Any deficit in the assets arising as a result of such valuation is funded by the Company. The company considers that the contribution rate set at the last valuation date are sufficient to eliminate the deficit over the agreed period and that regular contributions, which are based on service costs will not increase significantly.

The Weighted Average duration of the defined benefit obligation is 7.93 years (31st March, 2022 8.36 years). The expected cash flows over the subsequent years is as follows:

Expected Payout Gratuity	31 March 2023	31 March 2022
1st Year	89.06	61.73
2nd Year	49.11	33.98
3rd Year	19.69	51.16
4th Year	29.44	17.23
5th Year	36.33	24.92
beyond 5th Year	204.97	183.04

39.2.11 Risk exposure

Though it is defined benefit plan, the company is exposed to a number of risks, the most significant of which are detailed below:

(a) Investment / Interest Risk:

The Company is exposed to Investment / Interest risk if the return on the invested fund falls below the discount rate used to arrive at present value of the benefit.

(b) Longevity Risk:

The Company is not exposed to risk of the employees living longer as the benefit under the scheme ceases on the employee separating from the employer for any reason.

(c) Risk of Salary Increase

The Company is exposed to higher liability if the future salaries rise more than assumption of salary escalation.

42.1 The Company's Principal Financial liabilities comprise Loans and Borrowings, Trade Payables and other Liabilities. The main purpose of these financial Liabilities is to Finance the Company's Operations. The Company's Principal Financial Assets include Loans, Trade and Other Receivables, Cash and Cash Equivalents, Bank balances that derive directly from its Operations.

42.2 The Carrying Amounts of Trade Payables, Other Financial Liabilities, Cash and Cash equivalents, Other Bank Balances, Trade Receivables and Other Financial Assets are considered to be the same at their fair values due to their short term nature.

42.3 The management has assessed that fair value of borrowings approximate largely to their carrying amounts since they are carried at floating rate of interest.

42.4 Other Non Current Financial Assets consists of certain non current portion relating to deposits with Government authorities where the fair value is considered to be the carrying value.

43 Fair Value Measurements

43.1 Fair Value Hierarchy

Financial assets and financial liabilities measured at fair value in the statement of financial position are grouped into three levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1: Quoted prices (unadjusted) in active market for identical assets or liabilities.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observables market data rely as little as possible on entry specific estimates.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

Valuation technique used to determine fair value:

Specific Valuation techniques used to value financial instruments include:

- The use of quoted market prices or dealer quotes for similar instruments.
- The fair value of remaining financial instruments is determined using discounted cashflow analysis.

Valuation Process:

The Finance and accounts department of the Company performs the valuation of financial assets and liabilities required for financial reporting purposes, and report to the Board of Directors. The main Level 3 inputs are derived using the discounted cash flow analysis, Market Approach, Net Assets Value Method as applicable.

44 Financial Risk Management Objectives and Policies

Financial Risk Management Framework

The Company is exposed primarily to credit risk, liquidity risk and market risk (fluctuations in foreign currency exchange rates and interest rate), which may adversely impact the fair value of its financial instruments. The Company assess the unpredictability of the financial environment and seeks to mitigate potential adverse effects on the financial performance of the Company.

44.1 Credit Risk:

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit. Financial instruments that are subject to concentration of credit risk principally consist of trade receivables, cash and cash equivalents, bank deposits and other financial assets. None of the financial instruments of the Company result in Material Concentration of credit risk, except for Trade Receivables.

(i) Financial Instruments and Cash Deposits

For banks and financial institutions, only high rated banks/ institutions are accepted. Other Financial assets (excluding Bank deposits) majorly constitute deposits given to State electricity department for supply of power, which the company considers to have negligible credit exposure. Counterparty credit limits are reviewed by the Management on an annual basis, and may be updated throughout the year. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

(ii) Expected Credit Loss for Trade Receivables under simplified approach

For trade receivables, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

Following are the Expected Credit Loss for Trade Receivables under simplified approach:

Particulars	31 st March, 2023	31 st March, 2022

Net Carrying Amount of Trade Receivables	3,880.24	152.40	519.24	4,551.88

44.2 Liquidity Risk:

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments:

Particulars	Upto 1 Year	1 to 3 Years	3 to 5 Years	> 5 Years	Total

44.3 Market Risk:

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market price. Market price comprises three types of risk, currency rate risk, interest rate risk and other price risks such as equity risk. Financial instruments affected by market risk include loans and advances deposits investments in debt securities mutual funds and other equity funds.

(i) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of change in market interest rates. In order to optimize the Company's position with regards to interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest risk management by balancing the proportion of fixed rate and floating rate financial instruments in its portfolio.

Particulars	Change in basis points		Effect on Profit before Tax	
	Increase	Decrease	Decrease	Increase
31 st March, 2023	0.50%	0.50%	(40.77)	40.77
31 st March, 2022	0.50%	0.50%	(27.40)	27.40

The assumed movement in basis points for the interest rate sensitivity analysis is based on the currently observable market environment.

(ii) Foreign Currency Exchange Rate Risk:

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Currency risk arises when transactions are denominated in foreign currencies.

The Company has transactional currency exposures arising from services provided or availed that are denominated in a currency other than the functional currency. The foreign currencies in which these transactions are denominated are mainly in US Dollars (\$). The Company's trade receivable and trade payable balances at the end of the reporting period have similar exposures.

Trade Receivables	EURO	5.09	419.63	85.00
Trade Payables	USD	34.55	2,656.82	76.90

(b) Foreign Currency Sensitivity

The following table demonstrate the sensitivity to a reasonably possible change in USD exchange rate, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities including foreign currency derivatives.

The Company's exposure to foreign currency changes for all other currencies is not material.

Particulars	Effect on Profit before Tax	
	31st March, 2023	31st March, 2022
USD Sensitivity		
Rs/USD - Increases by 1%	(4.75)	(12.48)
Rs/USD - Decreases by 1%	4.75	12.48

(iii) Other Price Risk:

Other price risk is the risk that the fair value or future cash flows of the Company's financial instruments will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer or by factors affecting all similar financial instruments traded in the market.

45 Capital Management

For the purpose of the Company's Capital Management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders. The primary objective of the Company's capital management is to maximise the shareholders value.

INDEPENDENT AUDITORS' REPORT

To the Members of

SMS Lifesciences India Limited

Report on the Audit of the Consolidated Ind AS Financial Statements

Opinion

We have audited the Consolidated Financial statements of **SMS Lifesciences India Limited** (herein after referred to as "the holding Company") and its Subsidiary (Holding Company and its Subsidiary together referred to as "the Group") which comprise the Consolidated Balance Sheet as at 31st March, 2023 and the Consolidated Statement of Profit and Loss (including other comprehensive income), Consolidated Statement of Changes in Equity and Consolidated Statement of Cash flows for the year then ended, and notes to the Consolidated Financial Statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the Consolidated state of affairs of the Group as at 31 March 2023, of its Consolidated Profit includes other comprehensive income, Consolidated changes in equity and Consolidated Cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the Consolidated Financial Statements in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion on the Consolidated Financial statements.

Key Audit Matters

Key audit matters ('KAM') are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1	Accuracy of recognition, measurement, presentation and disclosures of revenues and other related balances in view of adoption of Ind AS 115 "Revenue from Contracts with Customers" (revenue accounting standard)	<p>Principal Audit Procedures</p> <p>We assessed the Company's process to identify the impact of adoption of the revenue accounting standard.</p> <p>Our audit approach consisted testing of the design and operating effectiveness of the internal controls and substantive testing as follows:</p> <ul style="list-style-type: none"> Evaluated the design of internal controls relating to implementation of the revenue accounting standard.

Sr. No.	Key Audit Matter	Auditor's Response
		<ul style="list-style-type: none"> • Selected a sample of continuing and new contracts, and tested the operating effectiveness of the internal control, relating to identification of the distinct performance obligations and determination of transaction price. We carried out a combination of procedures involving enquiry and observation, reperformance and inspection of evidence in respect of operation of these controls. • Selected a sample of continuing and new contracts and performed the following procedures: <ol style="list-style-type: none"> 1. Read, analysed and identified the distinct performance obligations in these contracts. 2. Considered the terms of the contracts to determine the transaction price including any variable consideration to verify the transaction price used to compute revenue and to test the basis of estimation of the variable consideration.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Corporate Governance and Shareholder's Information, but does not include the Consolidated Financial Statements, Standalone Financial Statements and our auditor's report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibilities for the Consolidated Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation and presentation of these Consolidated Financial Statements that give a true and fair view of the Consolidated Financial position, Consolidated Financial performance including other comprehensive income, Consolidated changes in equity and Consolidated Cash flows of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate Internal Financial Controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Financial Statements by the Board of Holding Company's Directors, as aforesaid.

In preparing the Consolidated Financial Statements, the respective Boards of Directors of the companies included in the Group are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Boards of Directors either intend to liquidate their respective entities or to cease operations, or have no realistic alternative but to do so.

The respective Boards of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of Internal Financial Controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company and its Subsidiary company which are companies incorporated in India, has adequate Internal Financial Controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group to express an opinion on the Consolidated Financial Statements.

Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Consolidated Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Consolidated Financial Statements.

We communicate with those charged with governance of the Company and such other entities included in the Consolidated Financial Statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

- (a) The accompanying Consolidated Financial Statements include the Financial Statements and other Financial information in respect of one subsidiary which reflect total assets of Rs.10558.11 lakhs as at March 31, 2023, and total revenues of Rs.3,546.64 lakhs and net cash inflows of Rs.108.68 lakhs for the year ended on that date it has been audited by us.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated Financial Statements.
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid Consolidated Financial Statements have been kept so far as it appears from our examination of those books.
 - c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the Consolidated Financial statements.
 - d) In our opinion, the aforesaid Consolidated Financial Statements comply with the Ind AS specified under section 133 of the Act.
 - e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2023 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its Subsidiary Company incorporated in India, none of the directors of the Group companies incorporated in India is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.

f) With respect to the adequacy of the internal Financial controls over financial reporting and the operating effectiveness of such controls; refer to our separate Report in “Annexure A” which is based on the auditors’ reports of the Company and its Subsidiary Company incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls over financial reporting of those companies.

g) With respect to the other matters to be included in the Auditor’s Report in accordance with the requirements of section 197(16) of the Act, as amended:

Annexure “A” to the Independent Auditor’s Report

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of **SMS Lifesciences India Limited** of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 (the “Act”)

In conjunction with our audit of the Consolidated Financial Statements of the Company as of and for the year ended March 31, 2023, we have audited the Internal Financial Controls over Financial reporting of SMS Lifesciences India Limited (hereinafter referred to as the “Company”) and its Subsidiary company, which are companies incorporated in India, as of that date.

Management’s Responsibility for Internal Financial Controls

The respective Boards of Directors of the Company and its Subsidiary company, which are companies incorporated in India, are responsible for establishing and maintaining Internal Financial Controls based on the internal control over Financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the “ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal Financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable Financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Internal Financial Controls over financial reporting of the Company and its Subsidiary Company, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India (“ICAI”) and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal Financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company and its Subsidiary Company, which are companies incorporated in India.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial controls over Financial reporting is a process designed to provide reasonable assurance regarding their liability of Financial reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal Financial control over Financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Financial Statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over Financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Company and its Subsidiary company, which are companies incorporated in India, have in all material respects, an adequate Internal Financial Controls system over Financial reporting and such Internal Financial Controls over Financial reporting were operating effectively as at March 31, 2023 based on the criteria for internal Financial control over Financial reporting established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

The Consolidated Financial Statements relate to SMS Lifesciences India Ltd and its Subsidiary Company, M/s. Mahi Drugs Pvt Ltd, Parawada, Visakhapatnam.

Subsidiaries are all entities that are controlled by the Company. The group controls an entity when the group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the group. They are deconsolidated from the date the control ceases.

The group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealized gains on transactions between group companies are eliminated. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the parent group.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, statement of comprehensive income, statement of changes in equity and balance sheet respectively.

Changes in ownership interests

Acquisition of some or all of the NCI is accounted for as a transaction with equity holders in their capacity as equity holders. Consequently, the difference arising between the fair value of the purchase consideration paid and the carrying value of the NCI is recorded as an adjustment to retained earnings that is attributable to the parent company. The associated cash flows are classified as financing activities. No goodwill is recognized as a result of such transactions.

2.3 Basis of Measurement:

The consolidated financial statements have been prepared on a historical cost and on accrual basis, except for the following items in the balance sheet:

- Certain financial assets are measured either at fair value or at amortised cost depending on the classification.
- Employee defined benefit assets/(liability) are recognized as the net total of the fair value of plan assets, plus actuarial losses, less actuarial gains and the present value of the defined benefit obligation.
- Right-of use the assets are recognized at the present value of lease payments that are not paid at that date.
- Assets held for sale are measured at fair value less cost to sell.

2.4 Current and Non-Current Classification:

The Group presents assets and liabilities in the balance sheet based on current and non-current classification.

- (a) An asset is treated as current when it satisfies the below mentioned criteria:
- Expected to be realized or intended to be sold or consumed in normal operating cycle;
 - Held primarily for the purpose of trading;
 - Expected to be realized within twelve months after the reporting period, or
 - Cash or Cash Equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.
- (b) All Other Assets are classified as non-current.
- (c) A liability is classified as current when it satisfies the below mentioned criteria:
- Expected to settle the liability in normal operating cycle;

- Held primarily for the purpose of trading;
- Due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

- (d) All Other liabilities are classified as non-current.
- (e) Deferred Tax Assets and Liabilities are classified as non-current assets and liabilities.
- (f) The Operating Cycle is the time between the acquisition of assets for processing and their realization in Cash and Cash Equivalents. The Group has identified Twelve months as its Operating Cycle.

3. Summary of Significant Accounting Policies:

The consolidated financial statements have been prepared using the accounting policies and measurement basis summarized below:

3.1 Revenue Recognition:

Revenue is recognized upon transfer of control of promised products or services to customers for an amount that reflects the consideration the Group expects to receive in exchange for those products or services. To recognize revenues, the Group applies the following five step approach:

- (1) identify the contract with a customer,
- (2) identify the performance obligations in the contract,
- (3) determine the transaction price,
- (4) allocate the transaction price to the performance obligations in the contract, and
- (5) recognize revenues when a performance obligation is satisfied.

The specific recognition criteria described below must also be met before revenue is recognised.

The Group revenue is derived from sale of goods, sale of services. Most of such revenue is generated from the sale of goods. The Company has generally concluded that it is the principal in its revenue arrangements.

(i) Revenue from Sale of Goods:

Revenue from sale of goods is recognized when a promise in a customer contract (performance obligation) has been satisfied by transferring the control over the promised goods to the customer. Control is usually transferred upon shipment, delivery to, upon receipt of the goods by the customer, in accordance with the delivery and acceptance terms agreed with the customers. The amount of revenue to be recognized is based on the consideration expected to be received in exchange of goods, excluding applicable discounts sales returns and any taxes or duties collected on behalf of the government such as GST where ever applicable.

Presented below are the points of recognition of revenue with respect to the Company’s sale of goods:

Particulars	Point of recognition of revenue
Domestic Sales	Upon delivery of products to customers (generally formulation manufacturers), from the factories of the Company.
Export Sales	Upon delivery of the products to the customers unless the terms of the applicable contract provide for specific revenue generating activities to be completed, in which case revenue is recognised once all such activities are completed.

(ii) Revenue from Sale of Services:

Revenue from Sale of services is recognised as per the terms of the contracts with customers

when the related services are performed or the agreed milestones are achieved.

(iii) Export incentives:

Export incentives are recognized as income when the right to receive credit as per the terms of the scheme is established in respect of the exports made and where there is no significant uncertainty regarding the ultimate collection of the relevant export proceeds.

(iv) Dividend Income:

Dividends are received from financial assets at fair value through profit or loss and at FVOCI. Dividends are recognised as other income in profit or loss when the right to receive payment is established. This applies even if they are paid out of pre-acquisition profits, unless the dividend clearly represents a recovery of part of the cost of the investment.

(v) Interest Income:

Interest income from financial assets at fair value through profit or loss is disclosed as interest income within other income. Interest income, on financial assets at amortised cost and financial assets at FVOCI, is calculated using the effective interest method and the same is recognized in the statement of profit and loss as part of other income. Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets, the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

3.2 Foreign Currency Transactions:

(i) Functional and Presentation Currency:

The consolidated financial statements are presented in Indian Rupee (‘INR’ or ‘₹’) which is also the functional and presentation currency of the Group.

(ii) Initial Recognition:

Foreign currency transactions are recorded in the functional currency, by applying to the exchange rate between the functional currency and the foreign currency at the date of the transaction.

(iii) Conversion on Reporting Date:

Transactions in foreign currencies are initially recorded by the Group at its functional currency spot rates at the date the transaction first qualifies for recognition. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

(iv) Exchange Differences:

Exchange differences arising on monetary items on settlement, or restatement as at reporting date, at rates different from those at which they were initially recorded, are recognized in the statement of profit and loss in the year in which they arise.

3.3 Property, Plant and Equipment:

(a) Recognition and Initial Measurement

Property, Plant and Equipment are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

Cost includes non-refundable taxes, duties, freight, borrowing costs and other incidental expenses related to the acquisition and installation of the respective assets.

Assets under installation or under construction as at the Balance Sheet date are shown as Capital Work in Progress. Advances paid towards acquisition of assets are shown as Capital Advances.

Borrowing Cost relating to acquisition of Property, Plant and Equipment which takes

substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to put to use.

Subsequent Costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group. All other repair and maintenance costs are recognized in statement of profit or loss as incurred.

(b) Subsequent Measurement (Depreciation and Useful Lives)

Depreciation on property, plant and equipment is provided on the straight-line method, computed on the basis of useful lives as estimated by management which coincides with rates prescribed in Schedule II to the Companies Act, 2013.

Depreciation on addition to/deletion from fixed assets made during the year is provided on pro-rata basis from/up to the date of such addition/deletion as the case may be. In case of assets costing less than Rs.5,000/- purchased during the year also depreciation has been provided at normal rates on pro-rata basis from the date of purchase.

Cost of the leasehold land is amortized on a straight-line basis over the term of the lease. Depreciation on landscape is being provided @10% under straight line method.

The residual values, useful lives and method of depreciation are reviewed at each financial year end and adjusted prospectively, if appropriate.

(c) De-recognition

An item of Property, Plant and Equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognized.

(d) Capital advances

Advances paid towards acquisition of tangible fixed assets outstanding at each balance sheet date are shown under other non-current assets as capital advances.

(e) Capital work-in-progress

Capital work-in-progress includes cost of property, plant and equipment under installation/development as at the balance sheet date.

3.4. Intangible Assets:

Intangible assets consist of goodwill, other intangibles, and product development costs.

3.4. A. Goodwill:

Goodwill represents the excess of purchase consideration over the net book value of assets acquired of the subsidiary companies as on the date of investment. Goodwill is not amortised but is tested for impairment on a periodic basis and impairment losses are recognised wherever applicable.

3.4 B. Other Intangible Assets:

(a) Recognition and Initial Measurement

Intangible assets are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

(b) Subsequent measurement (amortization):

The cost incurred on Intangible Assets is amortized over a period of 6 years in case of Computer Software and 4 years for Patents on Straight Line Method.

3.5 Leases:

At inception of a contract, the Group assesses whether a contract is, or contains, a lease. A contract

is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- The contract involves use of an identified asset, whether specified explicitly or implicitly;
- The Company has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use;
- The Company has right to direct the use of the asset by either having right to operate the asset or the Company having designed the asset in a way that predetermines how and for what purpose it will be used.

Group as a lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets. Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

i) Right-of-use assets

The Group recognizes right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any measurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets, as follows:

If ownership of the leased asset transfers to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

ii) Lease Liabilities

At the commencement date of the lease, the Group recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is premeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

iii) Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases of asset (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low value assets recognition exemption to leases that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognized as expense on a straight-line basis over the lease term.

Lease liability and ROU asset have been separately presented in the Balance Sheet

and lease payments have been classified as financing activity in cash flow statement.

3.6 Inventories:

Raw materials, packaging materials, are carried at cost. Stores and spares are being charged to revenue as and when purchased. Cost includes purchase price excluding taxes those are subsequently recoverable by the Group from the concerned authorities, freight inwards and other expenditure incurred in bringing such inventories to their present location and condition. Cost of Raw Material, packaging material is determined using the weighted average cost method.

Finished goods and work in progress are valued at the lower of cost and net realizable value. Cost of work in progress and manufactured finished goods is determined on weighted average basis and comprises cost of direct material, cost of conversion and other costs incurred in bringing these inventories to their present location and condition. Cost of traded goods is determined on weighted average basis.

Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Spare Parts, Stand-by Equipment and Servicing Equipment are recognized in accordance with this Ind AS-16 when they meet the definition of property, plant and Equipment. Otherwise, such items are classified as inventory and are valued at Cost.

The carrying cost of raw materials, packing materials are appropriately written down when there is a decline in replacement cost of such materials and finished products in which they will be incorporated are expected to be sold below cost.

3.7 Cash and Cash Equivalents:

Cash and Cash equivalents include cash on hand and at bank, deposits held at call with banks, other short-term highly liquid investment with original maturities of three months or less that are readily convertible to a known amount of cash which are subject to an insignificant risk of changes in value and are held for meeting short-term cash commitments.

For the Statement of Cash Flows, cash and cash equivalents consists of short term deposits, as defined above, net of outstanding bank overdraft as they are being considered as integral part of the Group cash management.

3.8 Trade Receivables:

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. Trade receivables are recognized initially at the amount of consideration that is unconditional unless they contain significant financing components, when they are recognized at fair value. The Group holds the trade receivables with the objective of collecting the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method, less loss allowance.

3.9 Financial Instruments

(a) Financial Assets

(i) Initial recognition and measurement

All financial assets are recognised initially at fair value and transaction cost that is attributable to the acquisition of the financial asset is also adjusted.

(ii) Subsequent measurement

a) Debt instruments –

A ‘debt instrument’ is measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding

After initial measurement, such financial assets are subsequently

measured at amortised cost using the effective interest rate (EIR) method.

b) Equity investments –

All equity investments in scope of Ind-AS 109 are measured at fair value. Equity instruments which are held for trading are generally classified as at fair value through profit and loss (FVTPL). For all other equity instruments, the Group decides to classify the same either as at fair value through other comprehensive income (FVOCI) or fair value through profit and loss (FVTPL). The Group makes such election on an instrument by instrument basis. The classification is made on initial recognition and is irrevocable.

Investment in Associates, Subsidiaries and Joint Venture:

Investments in Subsidiaries, Associates and Joint ventures are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiaries and joint venture, the difference between net disposal proceeds and the carrying amounts are recognised in the statement of profit and loss.

(iii) De-recognition of financial assets

A financial asset is primarily de-recognised when the rights to receive cash flows from the asset have expired or the Group has transferred its rights to receive cash flows from the asset.

(b) Financial liabilities

(i) Initial Recognition and Measurement

All financial liabilities are recognized initially at fair value and transaction cost that is attributable to the acquisition of the financial liabilities is also adjusted. These liabilities are classified as amortized cost.

(ii) Subsequent Measurement

These liabilities include borrowings and deposits. Subsequent to initial recognition, these liabilities are measured at amortized cost using the effective interest method.

(iii) De-recognition of Financial Liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

(c) Financial Guarantee Contracts

Financial Guarantee Contracts are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified party fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of

the guarantee. Subsequently, the liability is measured at the higher of the amount of expected loss allowance determined as per impairment requirements of Ind-AS 109 and the amount recognised less cumulative amortization.

(d) Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

(e) Impairment of Financial Assets

In accordance with Ind-AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss for financial assets.

ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive. When estimating the cash flows, the Group is required to consider –

- All contractual terms of the financial assets (including Prepayment and extension) over the expected life of the assets.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

(f) Other Financial Assets

For recognition of impairment loss on other financial assets and risk exposure, the Group determines whether there has been a significant increase in the credit risk since initial recognition and if credit risk has increased significantly, impairment loss is provided.

3.10 Impairment of Non-Financial Assets

The Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

3.11 Income Taxes:

Current Income Tax

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the respective laws of the state. Current tax includes taxes to be paid on the profit earned during the year and for the prior periods, if any.

Deferred Income Tax

Deferred income taxes are provided based on the balance sheet approach considering the temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where a component has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognised only if it is probable that they can be utilised against future taxable profits.

The Carrying amount of deferred tax assets are reviewed at each balance sheet date. The Group writes-down the carrying amount of a deferred tax

asset to the extent that it is no longer probable that sufficient future taxable income will be available against which deferred tax asset can be realised. Any such write-down is reversed to the extent that it becomes reasonably certain that sufficient future taxable income will be available.

The effect of changes in tax rates on deferred tax assets and liabilities is recognized as income or expense in the period that includes the enactment or expense in the period that includes the enactment or substantive enactment date.

Minimum alternate tax (MAT)

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The Group recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the Group will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. The Group reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Group does not have convincing evidence that it will pay normal tax during the specified period.

3.12 Non-current assets held for sale

Assets are classified as held for sale and stated at the lower of carrying amount and fair value less costs to sell if the asset is available for immediate sale and its sale is highly probable. Such assets or group of assets are presented separately in the Balance Sheet as "Assets Classified as held of Sale". Once classified as held for sale, intangible assets and property, plant and equipment are no longer amortised or depreciated.

3.13 Segment Reporting:

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The Chairman and managing director has been identified as being the Chief Operating Decision Maker (CODM). The Group is engaged in manufacturing and sale of Active Pharma Ingredients and their Intermediates and operates in a single operating segment. Revenues are attributed to geographical areas based on the location of the customers.

3.14 Government Grants:

Government grants are recognized where there is reasonable assurance that the grant will be received and all attached conditions will be complied with.

Government grants relating to income are deferred and recognized in the profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss on a straight-line basis over the expected lives of the related assets and presented within other income.

Government grants relating to loans or similar assistance with an interest rate below the current applicable market rate are initially recognized and measured at fair value. The effect of this favorable interest is regarded as a government grant and is measured as the difference between the initial carrying value of the loan and the proceeds received. The loan is subsequently measured as per the accounting policy applicable to financial liabilities.

3.15 Borrowings:

Borrowings are initially recognized at fair value, net of transaction cost incurred. Borrowings are subsequently measured at amortized cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognized in profit or loss over the period of the borrowings using the effective interest method.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognized in profit or loss as other gains/(losses).

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a

material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of financial statements for issue, not to demand payment as consequence of the breach.

3.16 Borrowing Cost

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

3.17 Provisions

Provisions are recognized when there is a present legal or constructive obligation that can be estimated reliably, as a result of a past event, when it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not recognized for future operating losses.

Any reimbursement that the Group can be virtually certain to collect from a third party with respect to the obligation is recognized as a separate asset. However, this asset may not exceed the amount of the related provisions.

Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provisions are reversed. Where the effect of the time of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provisions due to the passage of time is recognized as a finance cost.

Provision for litigation related obligation represents liabilities that are expected to materialize in respect of matters in appeal.

3.18 Trade Payables:

These amounts represent liabilities for goods supplied to the Group prior to the end of financial year which are unpaid. Trade payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognized initially at their fair value and subsequently measured at amortized cost using the effective interest method.

3.19 Dividends

The Group recognises a liability to make cash distributions to equity holders when the distribution is authorized and the distribution is no longer at the discretion of the Group. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognized directly in equity. Interim dividends are recorded as a liability on the date of declaration by the Group's Board of Directors. The Company is required to pay/distribute dividend after deducting applicable taxes. The remittance of dividends outside India is governed by Indian law on foreign exchange and is also subject to withholding tax at applicable rates.

3.20 Equity:

Ordinary Shares are classified as Equity share Capital. Incremental costs directly attributable to the issue of new ordinary shares or share options and buy back are recognized as a deduction from equity, net of tax effects, if any.

3.21 Research and Development:

Revenue expenditure pertaining to research is charged to the Statement of Profit and Loss. Development costs of products are also charged to the Statement of Profit and Loss unless a product's technical feasibility has been established, in which case such expenditure is capitalized. Development expenditure on an individual project are recognized as an intangible asset when the Group can demonstrate:

- The technical feasibility of completing the intangible asset so that the asset will be available for use or sale
- Its intention to complete and its ability and intention to use or sell the asset
- How the asset will generate future economic benefits
- The availability of resources to complete the asset
- The ability to measure reliability the expenditure during development.

The expenditure to be capitalized includes the cost of materials and other costs directly attributable to preparing the asset for its intended use. Other development expenditures are recognized in the statement of profit and loss as and when incurred. As at 31st March, 2023, none of the development expenditure amounts has met the aforesaid recognition criteria.

3.22 Post Employee Benefits:

(a) Defined Contribution Plans:

The Group's contribution to provident fund and employee state insurance schemes is charged to the statement of profit and loss. The Group's contributions towards Provident Fund are deposited with the Regional Provident Fund Commissioner under a defined contribution plan.

(b) Defined Benefit Plans:

The Group has gratuity as defined benefit plan where the amount that an employee will receive on retirement is defined by reference to the employee's length of service and final salary. The liability recognized in the balance sheet for defined benefit plans as the present value of the Defined Benefit Obligation (DBO) at the reporting date. Management estimates the DBO annually with the assistance of independent actuaries as per the requirements of Ind AS 19 "Employee Benefits". Actuarial gains and losses resulting from re-measurement of the liability are included in other comprehensive income.

The Group has subscribed to a group gratuity scheme of Life Insurance Corporation of India (LIC). Under the said policy, the eligible employees are entitled for gratuity upon their resignation, retirement or in the event of death in lump sum after deduction of necessary taxes upto a maximum limit as per the Gratuity Act, 1972. Liabilities in respect of the Gratuity Plan are determined by an actuarial valuation, based upon which the Group makes contributions to the Gratuity Fund.

(c) Compensated Absence Policy:

The employees of Group are entitled to compensated absences the employees can carry forward a portion of the unutilised accumulated compensated absences and utilize in future periods or encash the leaves at the time of retirement or termination of employment. The Group records an obligation in the period in which the employee render the services that increases this entitlement. The Group measures the expected cost of compensated absences as the additional amount that the Group expects to pay as a result of the unused entitlement that has accumulated at the end of the reporting period. The Group recognises accumulated compensated absences based on actuarial valuation using the projected unit credit method as on the reporting date as per the requirements of Ind AS "Employee Benefits". Non accumulating compensated absences are recognised in the period in which the absences occur. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are recorded in the statement of profit and loss in the year in which such gains or losses arise.

(c) Short-Term Employee Benefits

Short –term employee benefits comprise of employee costs such as salaries, bonus etc. is recognized on the basis of the amount paid or payable for the period during which services are rendered by the employee.

3.23 Earnings per Share:

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity

shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for events including a bonus issue.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

3.24 Contingent Liabilities and Commitments:

Where it is not probable that an outflow of economic resources will be required, or the amount cannot be estimated reliably, the asset or the obligation is not recognised in the statement of balance sheet and is disclosed as a contingent liability.

Possible outcomes on obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events are also disclosed as contingent liabilities.

Contingent Assets are neither recognized nor disclosed. However, when realization of Income is virtually certain, related asset is recognized.

3.25 Exceptional Items

Exceptional items are disclosed separately in the financial statements where it is necessary to do so to provide further understanding of the financial performance of the Group. These are material items of income or expense that have to be shown separately due to the significance of their nature or amount.

3.26 Fair Value Measurement

The Group measures Financial Instruments at fair value at each Balance Sheet Date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for such asset or liability, or in the absence of a principal market, in

the most advantageous market which is accessible to the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 – Quoted (unadjusted market prices) in active markets for identical assets or liabilities.

Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurements is directly or indirectly observable.

Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

3.27 Estimates and Assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Group based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that

are beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

(i) Recognition of Deferred Tax Assets

The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the Group's future taxable income against which the deferred tax assets can be utilized. In addition, significant judgment is required in assessing the impact of any legal or economic limits or uncertainties in various tax jurisdictions.

(ii) Recognition of Deferred Tax Liability on Undistributed Profits:

The extent to which the Group can control the timing of reversal of deferred tax calculation on undistributed profits of its subsidiaries requires judgment.

(iii) Evaluation of Indicators for Impairment of Assets:

The evaluation of applicability of indicators of impairment of assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets.

(iv) Recoverability of Advances/Receivables:

At each balance sheet date, based on historical default rates observed over expected life, the management assesses the expected credit loss on outstanding receivables and advances.

(v) Useful lives of Depreciable/Amortizable Assets:

Management reviews its estimate of the useful lives of depreciable/amortisable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utility of certain software, customer relationships, IT equipment and other plant and equipment.

(vi) Defined Benefit Obligation (DBO):

Management's estimate of the DBO is based on a number of critical underlying assumptions such as standard rates of inflation, medical cost trends, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

(vii) Fair Value Measurements:

Management applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available) and non-financial assets. This involves developing estimates and assumptions consistent with how market participants would price the instrument. Management uses the best information available. Estimated fair values may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

(viii) Provisions:

At each balance sheet date the management judgment, changes in facts and legal aspects, the Group assesses the requirement of provisions against the outstanding warranties and guarantees. However, the actual future outcome may be different from this judgment.

3.28 Recent Accounting Pronouncements:

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On 31st March 2023, MCA amended the Companies (Indian Accounting Standards) Rules 2015 by issuing the companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from 1st April, 2023. The amendments are not expected to have a material impact on the consolidated financial statements of the Group.

3.29 Rounding of Amounts:

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs, as per the requirement of Schedule III of the Companies Act, 2013 unless otherwise stated.

39.1 Defined Contribution Plans

39.1.1 Employer's Contribution to Provident Fund:

Contributions are made to provident fund in India for employees at the rate of 12% of basic salary as per regulations. The contributions are made to registered provident fund administered by the government. The obligation of the company is limited to the amount contributed and it has no further contractual nor any constructive obligation. The expense recognised during the year towards Provident Fund Contribution is Rs.239.80 Lakhs (31st March, 2022 Rs. 211.18 Lakhs).

Notes to the Consolidated Financial Statements

(All amounts in Indian Rupees in Lakhs, unless otherwise stated)

39.1.2 Employer's Contribution to State Insurance Scheme:

Contributions are made to State Insurance Scheme in India for employees at the rate of 3.25%. The Contributions are made to Employee State Insurance Corporation(ESI) to the respective State Governments of the Company's location. This Corporation is administered by the Government and the obligation of the company is limited to the amount contributed and it has no further contractual nor any constructive obligation. The expense recognised during the period towards ESI Contribution is Rs.12.70 Lakhs (31st March, 2022 - Rs. 14.26 Lakhs).

39.2 Defined Benefit Plans

The Company has a defined benefit gratuity plan governed by Payment of Gratuity Act, 1972. Every Employee who has completed five years or more of service is entitled to a gratuity on departure at 15 days salary for each completed year of Service. The Scheme is funded through a policy with Life Insurance Corporation of India (LIC).

The Company has a defined benefit Compensated Absence Plan governed by The Factories Act, 1948. Every Employee who has worked for a period of 240 days or more during a calendar year shall be allowed during the subsequent calendar year, leave with wages for a number of days calculated as per Act.

The following table summarise net benefit expenses recognised in the statement of profit and loss, the status of funding and the amount recognised in the Balance Sheet for both the plans:

39.2.8 Actuarial Assumptions for estimating Company's Defined Benefit Obligation:

Particulars	31 st March 2023	31 st March 2022
Discount rate	7.23%	7.37%
Attrition Rate	PS : 0 to 40 : 2%	PS : 0 to 40 : 2%
Expected rate of increase in Salary	2.00%	3.00%
Mortality Table	IALM (2012-14) Ult.	IALM (2012-14) Ult.
Expected average remaining Service (Yrs)	17.23	17.64

- (a) Assumptions regarding future mortality experience are set in accordance with the published statistics by the Life Insurance Corporation of India.
- (b) Plan assets does not comprise any of the Company's own financial instruments or any assets used by the Company. The Company has the plan covered under a policy with the Life Insurance Corporation of India.
- (c) The Significant actuarial assumptions for the determination of the defined benefit obligation are the discount rate, the salary growth rate and the average life expectancy. The calculation of the net defined benefit liability is sensitive to these assumptions. However, the impact of these changes is not ascertained to be material by the management.

39.2.9 Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Particulars	31 st March, 2023	31 st March, 2022
Defined Benefit Obligation	413.68	342.64
Effect of 1% change in assumed discount rate on defined benefit obligation		
Increase : +1%	511.25	440.88
Decrease: -1%	595.16	516.19
Effect of 1% change in assumed salary escalation rate on defined benefit obligation		
Increase : +1%	595.00	515.79
Decrease: -1%	510.84	440.71

The above sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions, the same method (Projected Unit Credit Method) has been applied while calculating the defined benefit liability recognised within the Balance Sheet.

39.2.10 Other Information

(i) Expected rate of return basis

EROA is the discount rate as at previous valuation date as per the accounting standard.

(ii) Description of Plan Assets and Reimbursement Conditions

100% of the Plan Asset is entrusted to LIC of India under their Group Gratuity Scheme. The reimbursement is subject to LIC's Surrender Policy.

(iii) Discount Rate

The discount rate has decreased from 7.37% to 7.23% and hence there is an increase in liability leading to actuarial loss due to change in discount rate.

(iv) Present Value of Defined Benefit Obligation:

Present value of the defined benefit obligation is calculated by using Projected Unit Credit Method (PUC Method). Under the PUC Method, a "projected accrued benefit" is calculated at the beginning of the year and again at the end of the year for each benefit that will accrue for all active members of the Plan. The "Projected accrued benefit" is based on the Plan's accrual formula and upon service as of the beginning or end of the year, but using a member's final compensation, projected to the age at which the employee is assumed to leave active service. The Plan Liability is the actuarial present value of the "Projected accrued benefits" as of the beginning of the year for active members.

(v) Expected Average remaining service vs. Average remaining future service:

The average remaining service can be arithmetically arrived by deducting current age from normal retirement age whereas the expected average remaining service is arrived actuarially by applying multiple decrements to the average remaining future service namely mortality and withdrawals. Thus, the expected average remaining service is always less than the average remaining future service.

(vi) Current and Non Current Liability:

The total of current and non-current liability must be equal with the total of PVO (Present Value Obligation) at the end of the period plus short term compensated liability if any. It has been classified in terms of "Schedule III" of the Companies Act, 2013.

(vii) Defined Benefit Liability and Employer Contributions

The Company has purchased insurance policy to provide for payment of gratuity to the employees. Every year, the insurance company carries out a funding valuation based on the latest employee data provided by the Company. Any deficit in the assets arising as a result of such valuation is funded by the Company. The company considers that the contribution rate set at the last valuation date are sufficient to eliminate the deficit over the agreed period and that regular contributions, which are based on service costs will not increase significantly.

Notes to the Consolidated Financial Statements

(All amounts in Indian Rupees in Lakhs, unless otherwise stated)

The Weighted Average duration of the defined benefit obligation is 7.93 years (31st March, 2022 8.36 years).
The expected cash flows over the subsequent years is as follows:

Expected Payout Gratuity	31 st March, 2023	31 st March, 2022
1 st Year	90.29	62.51
2 nd Year	50.55	35.01
3 rd Year	21.29	52.33
4 th Year	31.49	18.53
5 th Year	38.54	26.47
beyond 5 th Year	234.43	198.48

39.2.11 Risk Exposure

Though it is defined benefit plans, the Group is exposed to a number of risks, the most significant of which are detailed below:

(a) Investment / Interest Risk:

The Group is exposed to Investment / Interest risk if the return on the invested fund falls below the discount rate used to arrive at present value of the benefit.

(b) Longevity Risk:

The Group is not exposed to risk of the employees living longer as the benefit under the scheme ceases on the employee separating from the employer for any reason.

(c) Risk of Salary Increase

The Group is exposed to higher liability if the future salaries rise more than assumption of salary escalation.

43 Fair Value Measurements

43.1 Fair Value Hierarchy

Financial assets and financial liabilities measured at fair value in the statement of financial position are grouped into three levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1: Quoted prices (unadjusted) in active market for identical assets or liabilities.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observables market data rely as little as possible on entry specific estimates.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

Valuation techniques used to determine fair value:

Specific Valuation techniques used to value financial instruments include:

- The use of quoted market prices or dealer quotes for similar instruments.
- The fair value of remaining financial instruments is determined using discounted cash flow analysis.

Valuation Process:

The Finance and accounts department of the Company performs the valuation of financial assets and liabilities required for financial reporting purposes, and report to the Board of Directors. The main Level 3 inputs are derived using the discounted cash flow analysis, Market Approach, Net Assets Value Method as applicable.

44 Financial Risk Management Objectives and Policies

Financial Risk Management Framework

The Company is exposed primarily to credit risk, liquidity risk and market risk (fluctuations in foreign currency exchange rates and interest rate), which may adversely impact the fair value of its financial instruments. The Company assesses the unpredictability of the financial environment and seeks to mitigate potential adverse effects on the financial performance of the Company.

44.1 Credit Risk:

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit. Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, cash and cash equivalents, bank deposits and other financial assets. None of the financial instruments of the Company result in Material Concentration of credit risk, except for Trade Receivables.

(i) Financial Instruments and Cash Deposits

For banks and financial institutions, only high rated banks/ institutions are accepted. Other Financial assets (excluding Bank deposits) majorly constitute deposits given to State electricity departments for supply of power, which the company considers to have negligible credit exposure. Counterparty credit limits are reviewed by the Management on an annual basis, and may be updated throughout the year. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

(ii) Expected Credit Loss for Trade Receivables under simplified approach

For trade receivables, the group applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

45.3 Market Risk:

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risk, currency rate risk, interest rate risk and other price risks such as equity risk. Financial instruments affected by market risk include loans and advances deposits investments in debt securities mutual funds and other equity funds.

(i) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of change in market interest rates. In order to optimize the Company's position with regards to interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest risk management by balancing the proportion of fixed rate and floating rate financial instruments in its portfolio.

Particulars	Change in basis points		Effect on Profit before Tax	
	Increase	Decrease	Decrease	Increase
31 st March, 2023	0.50%	0.50%	(47.20)	47.20
31 st March, 2022	0.50%	0.50%	(36.16)	36.16

The assumed movement in basis points for the interest rate sensitivity analysis is based on the currently observable market environment.

(ii) Foreign Currency Exchange Rate Risk:

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Currency risk arises when transactions are denominated in foreign currencies.

The Company has transactional currency exposures arising from services provided or availed that are denominated in a currency other than the functional currency. The foreign currencies in which these transactions are denominated are mainly in US Dollars (\$). The Company's trade receivable and trade payable balances at the end of the reporting period have similar exposures.

(a) Details of Unhedged Foreign Currency Exposure:

The year end foreign currency exposures that have not been hedged by a derivative instrument or otherwise are as under:

Particulars	Currency	Amount in Foreign Currency	Amount in Rs.	Conversion Rate
31st March, 2023				
Trade Receivables	USD	12.46	1,020.92	81.95
Trade Receivables	EURO	6.25	538.67	86.20

Trade Payables	USD	34.55	2,656.82	76.90

Notes to the Consolidated Financial Statements

(All amounts in Indian Rupees in Lakhs, unless otherwise stated)

(b) Foreign Currency Sensitivity

The following table demonstrate the sensitivity to a reasonably possible change in USD exchange rate, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities including foreign currency derivatives. The Company's exposure to foreign currency changes for all other currencies is not material.

Particulars	Effect on Profit before Tax	
	31 st March, 2023	31 st March, 2022
Foreign Currency Sensitivity		
Rs/USD - Increases by 1%	(4.75)	(12.48)
Rs/USD - Decreases by 1%	4.75	12.48

(iii) Other Price Risk:

Other price risk is the risk that the fair value or future cash flows of the Company's financial instruments will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer or by factors affecting all similar financial instruments traded in the market.

45 Capital Management

For the purposes of the Company's Capital Management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders. The primary objective of the Company's capital management is to maximise the shareholder value.

The Company manages its capital structure in consideration to the changes in economic conditions and the requirements of the financial covenants. The Company monitors capital using a gearing ratio, which is net debt divided by total equity plus net debt. The Company intends to keep the gearing ratio less than 1. The Company includes within net debt, borrowings including interest accrued on borrowings less cash and short term deposits.
